GREEN SPACE

The open green space, located in the middle of the park, is the area where all the team building games take place.

OUR FUN GAME

Balloon Race

Promote and maintain open communication; motivate and build team spirit; encourage creativity, calculated risk-taking and celebrate team members' contributions.

Hula Hoop

To get team members to use and share their skills and knowledge together, so that they can each achieve their personal goals while supporting each other to complete their work programme.

Don't Let It Drop

Participants hold an object on a spoon or fork and run to place it in a cone. This creates more excitement and encourages the whole team to support each other.

Grass Sky

Getting on with colleagues and communicating together by establishing and developing a greater sense of collaboration and building trust between team members.

Pass Baton

Competitive and cooperative skills: These activities will help team members to develop a sense of purpose and a willingness to confront issues and solve problems, and to ensure that the team is able to work together.

Rally Jambes

During this activity, team members are encouraged to develop positive and cooperative thinking and also effective communication, thus strengthening relationships by breaking down existing barriers and instilling friendliness.

Water Balloon Toss

Work in pair: Each player gently throws a ball to their partner; If (s)he catches it, each partner take a step backward. If the ball breaks, the game is over and the pair is eliminated.

Blind Man Race

Teams race against the clock while being blindfolded. Participants will only have their partners to guide them and not their trusty eyes. Good team spirit and problem-solving skills are essential to complete the challenge.

Sack Race

The burlap sack race is a competitive game in which participants place both legs in a waist-high sack and jump forward from the starting point to the finish line.
